

Article 13.

Joint Legislative Commission on Governmental Operations.

**§ 120-71. Purpose.**

The rapid increase in the functions and costs of State government and the complexity of agency operations deeply concern the General Assembly. Members of the General Assembly have the ultimate responsibility for making public policy decisions and deciding on appropriations of public moneys. Knowledge of the public service needs being met, having evidence as to whether previous policy and appropriations have resulted in expected program benefits, and data on how State government reorganization has affected agency operations are most important.

Legislative examination and review of public policies, expenditures and reorganization implementation as an integral part of legislative duties and responsibilities should be strengthened. For the purpose of performing such continuing examination and evaluation of State agencies, [and] their actual effectiveness in programming and in carrying out procedures under reorganization, the General Assembly herein provides for the continuing review of operations of State government.
