

§ 160D-945. Designation of landmarks.

Upon complying with G.S. 160D-946, the governing board may adopt and amend or repeal a regulation designating one or more historic landmarks. No property shall be recommended for designation as a historic landmark unless it is deemed and found by the preservation commission to be of special significance in terms of its historical, prehistorical, architectural, or cultural importance and to possess integrity of design, setting, workmanship, materials, feeling, and/or association.

The regulation shall describe each property designated in the regulation, the name or names of the owner or owners of the property, those elements of the property that are integral to its historical, architectural, or prehistorical value, including the land area of the property so designated, and any other information the governing board deems necessary. For each building, structure, site, area, or object so designated as a historic landmark, the regulation shall require that the waiting period set forth in this Part be observed prior to its demolition. For each designated landmark, the regulation may also provide for a suitable sign on the property indicating that the property has been so designated. If the owner consents, the sign shall be placed upon the property. If the owner objects, the sign shall be placed on a nearby public right-of-way.
