2

HOUSE BILL 1016
Committee Substitute Without Prejudice 6/13/91

Short Title: Finance Gas Systems.

(Public)

Sponsors:

Referred to:

April 19, 1991

1 A BILL TO BE ENTITLED
2 AN ACT TO AUTHORIZE ISSUANCE OF BONDS FOR FINANCING GAS
3 SYSTEMS OR FACILITIES.

4 The General Assembly of North Carolina enacts:

5 Section 1. G.S. 159-96(a) reads as rewritten:

6 "(a) Each utility or public service enterprise listed in G.S. 159-81(3), if financed
7 wholly or partially by revenue bonds issued under this Article, shall be owned or
8 operated by the municipality for its own use and for the use of public and private
9 consumers residing within its corporate limits. A utility or public service enterprise
10 financed wholly or partially by revenue bonds, when operated primarily for the
11 municipality's own use and for users within its corporate limits, may be operated
12 incidentally for users outside its corporate limits. Provided, however, that revenue bonds
13 may be issued for the purpose of financing in whole or in part mass transit systems,
14 aeronautical facilities, marine facilities and systems, systems or facilities for the
15 generation, production, transmission, or distribution of gas (natural, artificial, or mixed),
16 facilities and equipment for the collection, treatment or disposal of solid waste,
17 notwithstanding that such systems, facilities or equipment may be operated for users
18 outside the corporate limits of a municipality where the municipality finds that the
19 system, facilities or equipment so financed would benefit the ~~municipality~~-municipality;
20 provided further that revenue bonds may not be issued for the purpose of financing in
21 whole or in part systems or facilities for the transmission or distribution of gas (natural,
22 artificial, or mixed) to users outside the corporate limits of a municipality to whom
23 service is available or will be available within a reasonable time from a local

1 distribution natural gas utility pursuant to a certificate of public convenience and
2 necessity issued by the North Carolina Utilities Commission. A finding by the
3 governing body of a municipality that the systems or facilities to be provided by the
4 financing will not provide service to users to whom such service is available or will be
5 available within a reasonable time from a local distribution natural gas utility shall be
6 conclusive upon (i) the expiration of a 45 day period following the making of such
7 finding, (ii) the mailing by the municipality of a copy of such notice within five days
8 after the making of such finding to any local distribution company certificated to
9 provide service to the area in which the facilities are to be located, and (iii) the absence
10 of a written objection to such finding being mailed by any such certificated local
11 distribution company to a municipality by not later than five days prior to the end of
12 such 45 day period, all such mailings to be properly given or made if sent by United
13 States registered mail, return receipt requested, postage prepaid. Time shall be
14 computed pursuant to G.S. 1A-1, Rule 6(a)."

15 Sec. 2. This act provides an additional and alternative method for
16 accomplishing the things authorized thereby, is supplemental and additional to powers
17 conferred by other laws, and is not in derogation of any powers now existing.

18 Sec. 3. This act is effective upon ratification.
