25 "**§ 89C-17. Expirations and renewals of certificates.**

26 Certificates for licensure of corporations and business firms that engage in the
27 practice of engineering or land surveying shall expire on the last day of the month of
28 June following their issuance or renewal and shall become invalid on that date unless
29 renewed. All other certificates for licensure shall expire on the last day of the month of

1 December next following their issuance or renewal, and shall become invalid on that
2 date unless renewed. When necessary to protect the public health, safety, or welfare, the
3 Board shall require any evidence necessary to establish the continuing competency of
4 engineers and land surveyors as a condition of renewal of licenses. When the Board is
5 satisfied as to the continuing competency of an applicant, it shall issue a renewal of the
6 certificate upon payment by the applicant of a fee fixed by the Board but not to exceed
7 seventy-five dollars (\$75.00). The secretary of the Board shall notify by mail every
8 person licensed under this Chapter of the date of expiration of the certificate, the
9 amount of the fee required for its renewal for one year, and any requirement as to
10 evidence of continued competency. The notice shall be mailed at least one month in
11 advance of the expiration date of the certificate. Renewal shall be effected at any time
12 during the month immediately following the month of expiration, by payment to the
13 secretary of the Board of a renewal fee, as determined by the Board, which shall not
14 exceed seventy-five dollars (\$75.00). Failure on the part of any ~~registrant-licensee~~ to

27 secretary of the Board is instructed to remove from the official roster of engineers and
28 land surveyors the names of all licensees who have not effected their renewal by the
29 first day of the month immediately following the renewal period. The Board may adopt
30 rules to provide for renewals in distress or hardship cases due to military service,
31 prolonged illness, or prolonged absence from the State, where the applicant for renewal
32 demonstrates to the Board that the applicant has maintained active knowledge and
33 professional status as an engineer or land surveyor, as the case may be. It shall be the
34 responsibility of each licensee to inform the Board promptly concerning change in
35 address. A licensee may request and be granted inactive status. No inactive licensee
36 may practice in this State unless otherwise exempted in this Chapter. A licensee granted
