A BILL TO BE ENTITLED

AN ACT TO MAKE CHANGES TO THE LAWS GOVERNING VEHICLE
REGISTRATION AND INSPECTION, AS RECOMMENDED BY THE JOINT
LEGISLATIVE TRANSPORTATION OVERSIGHT COMMITTEE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-66 reads as rewritten:

"§ 20-66. Renewal of vehicle registration.

(a) Annual Renewal. – The registration of a vehicle must be renewed annually. To renew the registration of a vehicle, the owner of the vehicle must file an application with the Division and pay the required registration fee. The Division may receive and grant an application for renewal of registration at any time before the registration expires.

(b) Method of Renewal. – When the Division renews the registration of a vehicle, it must issue a new registration card for the vehicle and either a new registration plate or a registration renewal sticker. The Division may renew a registration plate for any type of vehicle by means of a renewal sticker.

(b1) Repealed by Session Laws 1993, c. 467, s. 2.

(c) Renewal Stickers. – A registration renewal sticker issued by the Division must be displayed on the registration plate that it renews in the place prescribed by the Commissioner and must indicate the period for which it and the registration plate on which it is displayed are valid. Except where physical differences between a registration renewal sticker and a registration plate render a provision of this Chapter inapplicable, the provisions of this Chapter relating to registration plates apply to registration renewal stickers.

(d) (e) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 761, § 5.

(f) Repealed by Session Laws 1993, c. 467, s. 2.

1 (g) When Renewal Sticker Expires. – The registration of a vehicle that is
2 renewed by means of a registration renewal sticker expires at midnight on the last day
3 of the month designated on the sticker. It is lawful, however, to operate the vehicle on a
4 highway until midnight on the fifteenth day of the month following the month in which
5 the sticker expired.

6 The Division may vary the expiration dates of registration renewal stickers
7 issued for a type of vehicle so that an approximately equal number expires at the end of
8 each month, quarter, or other period consisting of one or more months. When the
9 Division implements registration renewal for a type of vehicle by means of a renewal
10 sticker, it may issue a registration renewal sticker that expires at the end of any monthly
11 interval.

12 (h) Repealed by Session Laws 2004-167, s. 3, as amended by Session Laws
13 2004-199, s. 59, effective January 1, 2006.

14 (i) Property Tax Consolidation. – When the Division receives an application
15 under subsection (a) for the renewal of registration before the current registration
16 expires, the Division shall grant the application if it is made for the purpose of
17 consolidating the property taxes payable by the applicant on classified motor vehicles,
18 as defined in G.S. 105-330. The registration fee for a motor vehicle whose registration
19 cycle is changed under this subsection shall be reduced by a prorated amount. The
20 prorated amount is one-twelfth of the registration fee in effect when the motor vehicle's
21 registration was last renewed multiplied by the number of full months remaining in the
22 motor vehicle's current registration cycle, rounded to the nearest multiple of twenty-five
23 cents (25¢).

24 (j) **(Effective October 1, 2008)** Inspection Prior to Renewal of Registration. –
25 The Division shall not renew the registration of a vehicle unless it has a current safety or
26 emissions inspection.

27 ~~(k) **(Effective October 1, 2008)** Return of Registration Plates Upon Expiration. –~~
28 ~~Registration plates that are not renewed shall be surrendered to the Division within 120~~
29 ~~days of expiration."~~

4 that operation of the place of business as an inspection station during
5 this period by the license applicant would not defeat the purpose of the
6 suspension or revocation because the license applicant has no
7 connection with the person whose license was suspended or revoked or
8 because of another reason. A finding made by the Division under this

20 provide the equipment and software at no cost to a station that holds a
21 license on October 1, 2008.

22 (c) Mechanic Qualifications. – An applicant for a license as a safety inspection
23 mechanic must meet all of the following requirements:

24 (1) **(Effective until October 1, 2008)** Have successfully completed an
25 eight-hour course approved by the Division that teaches students about

29 eight-hour course approved by the Division that teaches students about
