29 tenants with right of survivorship in the respective shares as owned by the respective grantors  
30 at the time of the execution of the deed of trust, unless a contrary intent is expressed in the deed  
31 of trust or other instrument recorded subsequent to the deed of trust.

32       ...."

33           **SECTION 1.12.** G.S. 47-2.2 reads as rewritten:

34   "**§ 47-2.2. Notary public of sister state; lack of seal or stamp or expiration date of**  
35   **commission.**

36       (a) If the proof or acknowledgment of any instrument is had before a notary public of  
37 any state other than North Carolina and the instrument does ~~not~~not (i) show the seal or stamp  
38 of the notary ~~public~~public; (ii) provide evidence pursuant to subsection (b) of this section that a  
39 seal or stamp is not required and the expiration date of the commission of the notary  
40 ~~public~~public; or (iii) state that the notary's commission does not expire or is a lifetime  
41 appointment, the certificate of proof or acknowledgment made by such notary public shall be  
42 accompanied by the certificate of the county official before whom the notary qualifies for  
43 ~~office~~office or of a state officer authorized to issue certificates regarding notary commission  
44 status, stating that such notary public was at the time his certificate bears date an acting notary  
45 public of such state, and that such notary's genuine signature is set to his certificate. The  
46 certificate of the official herein provided for shall be under his hand and official seal.

47       (b) A proof or acknowledgement which does not require a seal or stamp of the notary to  
48 be effective in the jurisdiction issuing the notary's commission shall include either (i) a  
49 statement by the notary within the proof or acknowledgement area of the instrument that the  
50 notary is not required to utilize a seal or stamp, or (ii) a reference to the statute of the  
51 commissioning state which provides that no seal or stamp is required together with a statement

1 that the notary is not required to utilize a seal or stamp. A register of deeds may not refuse to  
2 accept a record for registration because a notarial seal or stamp is omitted from the proof or  
3 acknowledgement if the provisions of this subsection have been complied with in the proof or  
4 acknowledgement. The acceptance of a record for registration under this subsection shall give  
5 rise to a presumption that the seal or stamp was not required to be affixed by the notary. This  
6 presumption is rebuttable and shall apply to all instruments whenever recorded. However, a  
7 court order finding the lack of a valid seal shall not affect the rights of a person who (i) records  
8 an interest in the real property described in the instrument before the finding of a lack of a valid  
9 seal and (ii) would otherwise have an enforceable interest in the real property."

10 **SECTION 1.13.** G.S. 47-12.2 reads as rewritten:

11 **"§ 47-12.2. Subscribing witness incompetent when grantee or beneficiary.**

12 The execution of an instrument may not be proved for registration by a subscribing witness  
13 ~~who~~ who, at the time of the execution of the instrument by the subscribing witness, is the  
14 grantee or beneficiary therein nor by proof of his signature as such subscribing witness.  
15 Nothing in this section invalidates the registration of any instrument registered prior to April 9,  
16 1935."

17 **SECTION 1.14.** G.S. 47-14 reads as rewritten:

18 **"§ 47-14. Register of deeds to verify the presence of proof or acknowledgement and**  
19 **register instruments and electronic documents; order by judge; instruments to**  
20 **which register of deeds is a party.**

21 ...

22 (f) Presumption of Notarial Seal. – The acceptance of a record for registration by the  
23 register of deeds shall give rise to a presumption that, at the time the record was presented for  
24 registration, a clear and legible image of the notary's official seal was affixed or embossed on  
25 the record near the notary's official signature. This presumption applies regardless of whether  
26 the image is legible or photographically reproduced in the records maintained by the register of  
27 deeds-deeds and applies to all instruments filed in the records maintained by the register of  
28 deeds regardless of when the instrument was presented for registration. A register of deeds may  
29 not refuse to accept a record for registration because a notarial seal does not satisfy the  
30 requirements of G.S. 10B-37. The presumption under this subsection is rebuttable and shall  
31 apply to all instruments whenever recorded. However, a court order finding the lack of a valid  
32 seal shall not affect the rights of a person who (i) records an interest in the real property  
33 described in the instrument before the finding of a lack of a valid seal and (ii) would otherwise  
34 have an enforceable interest in the real property."

35 **SECTION 1.15.** G.S. 47-28 reads as rewritten:

36 **"§ 47-28. Powers of attorney.**

37 ~~Every power of attorney, wherever made or concerning whatsoever matter, may, on~~  
38 ~~acknowledgment or proof of the same before any competent official, be registered in the county~~  
39 ~~wherein the property or estate which it concerns is situate, if such power of attorney relate to~~  
40 ~~the conveyance thereof; if it does not relate to the conveyance of any estate or property, then in~~  
41 ~~the county in which the attorney resides or the business is to be transacted.~~

42 (a) Recording required for powers of attorney affecting real property:

43 (1) Before any transfer of real property executed by an attorney-in-fact  
44 empowered by a power of attorney governed by Article 1, Article 2, or  
45 Article 2A of Chapter 32A of the General Statutes, the power of attorney or  
46 a certified copy of the power of attorney shall be registered in the office of  
47 the register of deeds of the county in which the principal is domiciled or  
48 where the real property lies. If the principal is not a resident of North  
49 Carolina, the power of attorney or a certified copy of the power of attorney  
50 may be recorded in any county in the State wherein the principal owns real  
51 property or has a significant business reason for registering in the county.

1           (2)    If the real property lies in more than one county or in a county other than  
2           where the principal is domiciled, the power of attorney or a certified copy of  
3           the power of attorney shall be registered in the office of the register of deeds  
4           in one of the counties and the instrument of transfer shall refer to the  
5           recordation specifically by reference to the book, page, and county where  
6           recorded.

7           (3)    Any instrument subject to the provisions of G.S. 47-17.2, 47-18, or 47-20  
8           and signed by an attorney-in-fact and recorded in a county other than the  
9           county where a power of attorney is recorded in this State shall include the  
10          recording information, including book, page, and county, for the power of  
11          attorney.

12          (4)    The failure to comply with the provisions of this subsection shall not affect  
13          the sufficiency, validity, or enforceability of the instrument but shall  
14          constitute an infraction.

15          (b)    If the instrument of conveyance is recorded prior to the registration of the power of  
16          attorney or a certified copy of the power of attorney pursuant to subsection (a) of this section,  
17          the power of attorney or a certified copy of the power of attorney may be registered in the  
18          office of the register of deeds as provided in subsection (a) of this section thereafter provided  
19          that the attorney-in-fact was empowered at the time of the original conveyance.  
20          Notwithstanding the provisions of subsection (a) of this section, no conveyance shall be  
21          rendered invalid by the recordation of the power of attorney or a certified copy of the power of  
22          attorney after the instrument of conveyance, and the registration shall relate back to the date  
23          and time of registration of the instrument of conveyance.

24          (c)    The provisions of subsection (a) of this section shall apply to all real property  
25          transfers utilizing an authority under any power of attorney whether made on or after April 1,  
26          2013, and the provisions of subsection (b) of this section shall apply to all real property  
27          transfers utilizing an authority under any power of attorney whether made before, on, or after  
28          April 1, 2013."

29                **SECTION 1.16.** G.S. 47-36.1 reads as rewritten:

30                "**§ 47-36.1. Correction of errors in recorded instruments.**

31                (a)    Notwithstanding G.S. 47-14 and G.S. 47-17, notice of typographical or other minor  
32                error in a deed or other instrument recorded with the register of deeds may be given by  
33                recording an affidavit. If an affidavit is conspicuously identified as a corrective or scrivener's  
34                affidavit in its title, the register of deeds shall index the name of the affiant, the names of the  
35                original parties in the instrument, the recording information of the instrument being corrected,  
36                and the original parties as they are named in the affidavit. A copy of the previously recorded  
37                instrument to which the affidavit applies may be attached to the affidavit and need not be a  
38                certified copy. ~~Notice~~ To the extent the correction is inconsistent with the originally recorded  
39                instrument, and only to that extent, notice of the corrective information as provided by the  
40                affiant in the corrective affidavit is deemed to have been given as of the time the corrective  
41                affidavit is registered. Nothing in this section invalidates or otherwise alters the legal effect of  
42                any instrument of correction authorized by statute in effect on the date the instrument was  
43                registered.

44                (b)    Nothing in this section requires that an affidavit be attached to an original or  
45                certified copy of a previously recorded instrument that is unchanged but rerecorded. Nothing in  
46                this section requires that an affidavit be attached to a previously recorded instrument or a copy  
47                of a previously recorded instrument that includes identified corrections or an original execution  
48                by a party or parties of the corrected instrument after the original recording, with proof or  
49                acknowledgment of their execution of the correction of the instrument. If the corrective  
50                affidavit is solely made by a notary public in order to correct a notarial certificate made by that  
51                notary public that was attached to an instrument already recorded with the register of deeds, the

1 notary public shall complete the corrective affidavit identifying the correction and may attach a  
2 new acknowledgment completed as of the date the original acknowledgment took place, which  
3 shall be deemed attached to the original recording and the instrument's priority shall remain the  
4 date and time originally recorded. The provisions of this subsection shall apply to corrective  
5 affidavits filed prior to, on, or after April 1, 2013."

6 **SECTION 1.17.** G.S. 47-41.2 reads as rewritten:

8 (a) Technical defects, including technical defects under G.S. 10B-68, and errors or  
9 omissions in a form of probate or other notarial certificate, shall not affect the sufficiency,  
10 validity, or enforceability of the form of probate or the notarial certificate or the related  
11 instrument or document. A register of deeds may not refuse to accept an instrument or  
12 document for registration because of technical defects, errors, or omissions in a form of probate  
13 or other notarial certificate. ~~This subsection applies to notarial certificates and forms of probate~~  
14 ~~made on or after December 1, 2005.~~

15 ...."

16 **SECTION 1.18.** G.S. 47-48 reads as rewritten:

17 **"§ 47-48. Clerks' and registers of deeds' certificate failing to pass on all prior certificates.**

18 When it appears that the clerk of the superior court, register of deeds, or other officer  
19 having the power to probate or certify deeds, in passing upon deeds or other instruments, and  
20 the certificates thereto, having more than one certificate of the same or a different date, by other  
21 officer or officers taking acknowledgment or probating the same, has in his certificate or order  
22 mentioned only one or more of the preceding or foregoing certificates or orders, but not all of  
23 them, but has admitted the same deed or other instrument to probate or recordation, it shall be  
24 conclusively presumed that all the certificates of said deed or instrument necessary to the  
25 admission of same to probate or recordation have been passed upon, and the certificate of said  
26 clerk, register of deeds, or other probating or certifying officer shall be deemed sufficient and  
27 the probate, certification and recordation of said deed or instrument is hereby made and  
28 declared valid for all intents and purposes. The provisions of this section shall apply to all  
29 instruments recorded in any county of this State prior to ~~April 1, 1980.~~ April 1, 2013."

30 **SECTION 1.19.** G.S. 47-50 reads as rewritten:

34 conveyance or other instrument by law required or authorized to be registered was duly signed  
35 and acknowledged as required by the laws of the State of North Carolina, and the clerk of the  
36 superior court of such county or other officer authorized to pass upon acknowledgments and to  
37 order registration of instruments has failed either to adjudge the correctness of the  
38 acknowledgment or to order the registration thereof, or both, such registrations are hereby  
39 validated and the instrument so appearing in the office of the register of deeds of such county  
40 shall be effective to the same extent as if the clerk or other authorized officer had properly  
41 adjudged the correctness of the acknowledgment and had ordered the registration of the  
42 instrument."

43 **SECTION 1.20.** G.S.47-50.1 reads as rewritten:

44 **"§ 47-50.1. Register's certificate omitted.**

46 office of the register of deeds of any county in this State that the execution of a deed of  
47 conveyance or other instrument by law required or authorized to be registered was duly signed  
48 and acknowledged as required by the laws of this State, and the register of deeds has failed to  
49 certify the correctness of the acknowledgment as required by G.S. 47-14(a), the registrations  
50 are hereby validated and the instrument so appearing in the office of the register of deeds of

1 that county is effective to the same extent as if the register of deeds had properly certified the  
2 correctness of the acknowledgment."

3 **SECTION 1.21.** G.S. 47-51 reads as rewritten:

4 **"§ 47-51. Official deeds omitting seals.**

6 receiver, executor, executrix, administrator, administratrix, or other officer authorized to  
7 execute a deed by virtue of his office or appointment, in which the officer has omitted to affix  
8 his seal after his signature, shall not be invalid on account of the omission of such seal."

9 **SECTION 1.22.** G.S. 47-53 reads as rewritten:

10 **"§ 47-53. Probates omitting official seals, etc.**

11 In all cases where the acknowledgment, private examination, or other proof of the  
12 execution of any deed, mortgage, or other instrument authorized or required to be registered has  
13 been taken or had by or before any commissioner of affidavits and deeds of this State, or clerk  
14 or deputy clerk of a court of record, or notary public of this or any other state, territory, or  
15 district, and such deed, mortgage, or other instrument has heretofore been recorded in any  
16 county in this State, but such commissioner, clerk, deputy clerk, or notary public has omitted to  
17 attach his or her official or notarial seal thereto, or if omitted, to insert his or her name in the  
18 body of the certificate, or if omitted, to sign his or her name to such certificate, if the name of  
19 such officer appears in the body of said certificate or is signed thereto, or it does not appear of

25 signature, then all such acknowledgments, private examinations or other proofs of such deeds,  
26 mortgages, or other instruments, and the registration thereof, are hereby made in all respects  
27 valid and binding. The provisions of this section apply to acknowledgments, private
