15 (g) Notwithstanding any other provision of this section, a county board of elections by
16 unanimous vote of all its members may provide for one or more sites in that county for
17 absentee ballots to be applied for and cast under this section. Every individual staffing any of
18 those sites shall be a member or full-time employee of the county board of elections or an
19 employee of the county board of elections whom the board has given training equivalent to that
20 given a full-time employee. Those sites must be approved by the State Board of Elections as
21 part of a Plan for Implementation approved by both the county board of elections and by the
22 State Board of Elections which shall also provide adequate security of the ballots and
23 provisions to avoid allowing persons to vote who have already voted. The Plan for
24 Implementation shall include a provision for the presence of political party observers at each
25 one-stop site equivalent to the provisions in G.S. 163-45 for party observers at voting places on
26 election day. A county board of elections may propose in its Plan not to offer one-stop voting at
27 the county board of elections office; the State Board may approve that proposal in a Plan only
28 if the Plan includes at least one site reasonably proximate to the county board of elections
29 office and the State Board finds that the sites in the Plan as a whole provide adequate coverage
30 of the county's electorate. If a county board of elections has considered a proposed Plan or
31 Plans for Implementation and has been unable to reach unanimity in favor of a Plan, a member
32 or members of that county board of elections may petition the State Board of Elections to adopt
33 a plan for it. If petitioned, the State Board may also receive and consider alternative petitions
34 from another member or members of that county board. The State Board of Elections may
35 adopt a Plan for that county. The State Board, in that plan, shall take into consideration factors
36 including geographic, demographic, and partisan interests of that county. ~~Any plan adopted by
37 either the county board of elections or the State Board of Elections under this subsection shall
38 provide for the same days of operation and same number of hours of operation on each day for
39 all sites in that county for that election. The requirement of the previous sentence does not
40 apply to the county board of elections office itself nor, if one stop voting is not conducted at the
41 county board of elections office, to the reasonably proximate alternate site approved under this
42 subsection.~~

43 ...

44 ~~(g2) Notwithstanding the requirements of subsection (g) and (g1) of this section, for any
45 county board of elections that provided for one or more sites during the 2010 or 2012 general
46 election, that county shall provide, at a minimum, the following:~~

- 47 ~~(1) The county board of elections shall calculate the cumulative total number of
48 scheduled voting hours at all sites during the 2012 primary and general
49 elections, respectively, that the county provided for absentee ballots to be
50 applied for and voted under this section. For elections which include a
51 presidential candidate on the ballot, the county shall ensure that at least the~~

~~same number of hours offered in 2012 is offered for absentee ballots to be applied for and voted under this section through a combination of hours and numbers of one stop sites during the primary or general election, correspondingly.~~

(2) ~~The county board of elections shall calculate the cumulative total number of scheduled voting hours at all sites during the 2010 primary and general elections, respectively, that the county provided for absentee ballots to be applied for and voted under this section. For elections which do not include a presidential candidate on the ballot, the county shall ensure that at least the same number of hours offered in 2010 is offered for absentee ballots to be applied for and voted under this section through a combination of hours and numbers of one stop sites during the primary or general election, correspondingly.~~

~~As used in this subsection, the phrase "cumulative total number of scheduled voting hours" includes those at the office of the county board of elections or the reasonably proximate alternate site approved under subsection (g) of this section.~~

~~The State Board of Elections, to ensure compliance with this subsection, may approve a one stop site in a building that the county board of elections is not entitled under G.S. 163-129 to demand and use as an election day voting place, but may deny approval if a member of that board presents evidence that other equally suitable sites were available and the use of the sites chosen would unfairly advantage or disadvantage geographic, demographic, or partisan interests of that county.~~

~~(g3) A county board of elections by unanimous vote of the board, with all members present and voting, may submit a request to the State Board to reduce the number of hours established in subsection (g2) of this section for a primary or a general election. The reduction shall take effect for that primary or general election only if approved by unanimous vote of the State Board with all members present and voting.~~

SECTION 2. This act is effective when it becomes law and applies to elections held on or after September 1, 2015.
