	health nutrition, nutrition education, nutrition, nutrition science, clinical
	nutrition, applied clinical nutrition, nutrition counseling, nutrition and
	functional medicine, nutritional biochemistry, nutrition and integrative
	health, or an equivalent course of study or a master's or doctoral degree in a
	field of clinical health care. Regardless of the course of study, an applicant
	shall have completed coursework from a regionally accredited college or
	university in medical nutrition therapy that shall consist of the following
	courses:
	a. Fifteen semester hours of clinical or life sciences, including such
	courses as chemistry, organic chemistry, biology, molecular biology,
	biotechnology, botany, genetics, genomics, neuroscience,
	experimental science, immunotherapy, pathology, pharmacology,
	toxicology, research methods, applied statistics, biostatistics,
	epidemiology, oxidative/reductive dynamics, energy production,
	molecular pathways, hormone and transmitter regulations and
	imbalance, biotransformation pathways and imbalances, and
	pathophysiologic basis of disease. At least three semester hours must
	be in human anatomy and physiology or the equivalent.
	b. Fifteen semester hours of nutrition and metabolism, including such
	<u>courses as nutrition assessment, developmental nutrition, nutritional</u>
	aspects of disease, human nutrition, macronutrients, micronutrients,
	vitamins and minerals, functional medicine nutrition, molecular
	metabolism, clinical nutrition, nutritional biochemistry, nutrition and
	digestive health, and public health nutrition. At least six semester
(2)	hours must be in biochemistry.
<u>(2)</u>	The applicant must have completed a Board-approved internship or a
	documented, supervised practice experience in nutrition services of not less
	than 1,000 hours involving at least 200 hours of nutrition assessment, 200
	hours of nutrition intervention, education, counseling, or management, and
	200 hours of nutrition monitoring or evaluation under the supervision of a
	Certified Nutrition Specialist, a Diplomate of the American Clinical Board
	of Nutrition, a Registered Dietitian Nutritionist, a licensed
	dietitian/nutritionist, a licensed nutritionist, a State-licensed health care
	practitioner whose licensed scope of practice includes dietetics or nutrition,
	or an individual with a doctoral degree conferred by a United States
	regionally accredited college or university with a major course of study in
	human nutrition, foods and nutrition, dietetics, nutrition education, nutrition,
	nutrition science, clinical nutrition, applied clinical nutrition, nutrition
	counseling, nutrition and functional medicine, nutritional biochemistry,
	nutrition and integrative health, or an equivalent course of study, with a
	reasonable threshold of academic credits in nutrition and nutrition sciences
	as described in subdivision (1) of this subsection. Supervisors who obtained
	their doctoral degree outside of the United States and its territories must
	have their degrees validated by the Board as equivalent to the doctoral
	degree conferred by a United States regionally accredited college or
	university.
	The applicant meets one of the following criteria:
<u>(3)</u>	
<u>(3)</u>	a. The applicant has successfully completed either the examination
<u>(3)</u>	a. The applicant has successfully completed either the examination administered by the Board for Certification of Nutrition Specialists, the examination administered by the American Clinical Board of
