

§ 66-410. Records to be kept.

(a) Every dealer to whom a permit has been issued pursuant to G.S. 66-407 shall maintain consecutively numbered records of each precious metals transaction. Each consecutively numbered record shall be made at the time of the transaction and shall contain a clear and accurate description of the transaction. A valid description shall include each of the following applicable and available items of information: the manufacturer's name, the model, the model number, the serial number, and any engraved numbers or initials found on the items; the date of the transaction; the name, sex, race, residence, telephone number and driver's license number of the person selling the items purchased; and the signature of both the dealer or registered employee and the seller. In the event the seller cannot furnish valid, unexpired photographic identification in the form of a drivers license, State-issued identification card, passport, or military identification card, the dealer shall require two forms of positive identification.

(b) The consecutively numbered records required by this section shall be kept either (i) in a paginated, bound book or set of books with pages numbered in sequence or (ii) in an electronic database that prevents record deletion, tracks all modifications to records, and provides for electronic signatures.

(c) The records shall be open at all reasonable times to inspection on the premises by law enforcement agencies, and an individual record shall be retained for at least two years after a transaction. If a dealer maintains a record book rather than an electronic database, the book shall be retained until at least two years following the last recorded transaction.

(d) A copy of each consecutively numbered record entry shall be filed within 48 hours of the transaction in the office of the local law enforcement agency. Records shall be filed in the manner authorized by the local law enforcement agency, which may include reporting electronically by transmission over a computer network, by facsimile machine, or by hand delivering hard copies to the local law enforcement agency. In any case where a technological failure prevents a dealer from reporting electronically or by facsimile, the dealer shall have the option of hand delivering a hard copy of the record to the local law enforcement agency. Regardless of the manner in which the local law enforcement agency allows reporting, a dealer shall provide a hard copy of records upon the request of a law enforcement agency.

(e) The files of local law enforcement agencies that contain copies of records shall not be subject to inspection and examination as authorized by G.S. 132-6. Any public official or employee who shall knowingly and willfully permit any person to have access to or custody or possession of any portion of such files, unless the person is one specifically authorized by the local law enforcement agency to have access for purposes of law enforcement investigation or civil or criminal proceedings, shall be guilty of a Class 3 misdemeanor and upon conviction shall only be fined up to five hundred dollars (\$500.00) in the discretion of the court.
