

Part 2. Investigational Adult Stem Cell Treatments.

§ 90-325.15. Purpose.

The purpose of Part 2 of this Article is to authorize access to and use of certain investigational adult stem cell treatments for patients with certain severe chronic diseases or terminal illnesses; to regulate the possession, use, and transfer of adult stem cells; and to create a criminal offense for the purchase and sale of adult stem cells for certain investigational treatments. (2019-70, s. 1.)
