40		<u>v</u>	vithdrawn.	

"§ 143-215.22H. Registration of water withdrawals and transfers required.

Any person who withdraws 1,000,000 gallons per day or more of water from the surface waters of the State or who transfers 1,000,000 gallons per day or more of water from one river basin to another shall register the withdrawal or transfer with the

41

1 2

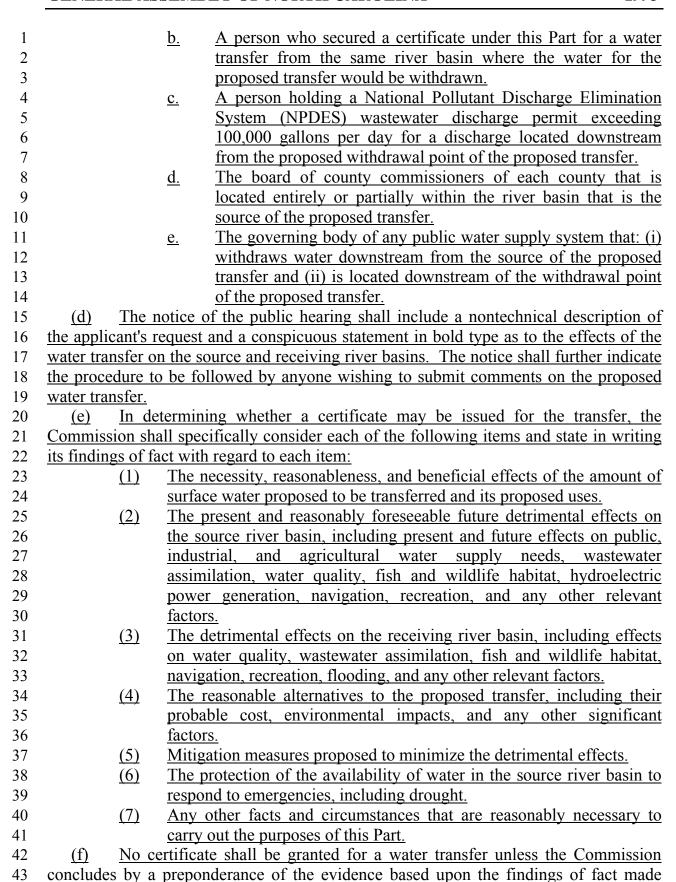

- Commission. A person registering a water withdrawal or transfer shall provide the Commission with the following information:

 (1) The maximum daily amount of the water withdrawal or transfer
 - expressed in millions of gallons per day.

 (2) The location of the points of withdrawal and discharge and the capacity of each facility used to make the withdrawal or transfer.
 - (b) Any person initiating a new surface water withdrawal or transfer of 1,000,000 gallons per day or more shall register the withdrawal or transfer with the Commission not later than six months after the initiation of the withdrawal or transfer. The information required under subsection (a) of this section shall be submitted with respect to the new withdrawal or transfer.

"§ 143-215.22I. Regulation of surface water transfers.

- (a) No person may do any of the following without first securing a certificate from the Commission:
 - (1) <u>Initiate a new transfer of water of 2,000,000 gallons per day or more from one river basin to another.</u>
 - (2) Construct a facility or expand an existing facility that would increase the capacity of an existing transfer of water from one river basin to another if the increase would cause the total transfer to equal or exceed one hundred twenty-five percent (125%) of the capacity of the existing facilities as of July 1, 1993, and if the increase causes the total transfer to equal or exceed two million gallons per day.
- (b) An applicant for a certificate shall petition the Commission for the certificate. The petition shall be in writing and shall include the following:
 - (1) A description of the facilities to be used to transfer the water, including the location and capacity of water intakes, pumps, pipelines, and other facilities.
 - (2) A description of the proposed uses of the water to be transferred.
 - (3) The water conservation measures to be used by the applicant to assure efficient use of the water and avoidance of waste.
 - (4) Any other information deemed necessary by the Commission for review of the proposed water transfer.
- (c) Upon receipt of the petition, the Commission shall hold a public hearing on the proposed transfer after giving at least 30 days' written notice of the hearing as follows:
 - (1) By publishing notice in the North Carolina Register.
 - (2) By publishing notice in a newspaper of general circulation in the area of the river basin downstream from the point of withdrawal.
 - (3) By giving notice by first-class mail to each of the following:
 - <u>a.</u> A person who has registered under this Part a water withdrawal or transfer from the same river basin where the water for the proposed transfer would be withdrawn.

under subsection (e) of this section that the benefits of the proposed transfer outweigh

44

1 2

the potential detriments of the transfer and that those detriments have been mitigated to a reasonable degree.

- (g) The Commission may grant the certificate in whole or in part, or deny the certificate. No person shall transfer an amount of water that exceeds the amount in the certificate. In cases where an applicant requests approval to increase a transfer that existed on July 1, 1993, the Commission shall have authority to approve or disapprove only the amount of the increase. If the Commission approves the increase, however, the certificate shall be issued for the amount of the existing transfer plus the requested increase. Certificates for transfers approved by the Commission under G.S. 162A-7 shall remain in effect as approved."
 - Sec. 2. G.S. 143-215.6A(a) reads as rewritten:
- "(a) A civil penalty of not more than ten thousand dollars (\$10,000) may be assessed by the Secretary against any person who:
 - (1) Violates any classification, standard, limitation, or management practice established pursuant to G.S. 143-214.1, 143-214.2, or 143-215.
 - (2) Is required but fails to apply for or to secure a permit required by G.S. 143-215.1, or who violates or fails to act in accordance with the terms, conditions, or requirements of such permit or any other permit or certification issued pursuant to authority conferred by this Part, including pretreatment permits issued by local governments and laboratory certifications.
 - (3) Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.2.
 - (4) Fails to file, submit, or make available, as the case may be, any documents, data, or reports required by this Article or G.S. 143-355(k) relating to water use information.
 - (5) Refuses access to the Commission or its duly designated representative to any premises for the purpose of conducting a lawful inspection provided for in this Article.
 - (6) Violates a rule of the Commission implementing this Part Part, Part 2A of this Article, or G.S. 143-355(k).
 - (7) Violates or fails to act in accordance with the statewide minimum water supply watershed management requirements adopted pursuant to G.S. 143-214.5, whether enforced by the Commission or a local government.
 - (8) Violates the offenses set out in G.S. 143-215.6B.
 - (9) <u>Is required but fails to apply for or to secure a certificate required by G.S. 143-215.22I or who violates or fails to act in accordance with the terms, conditions, or requirements of the certificate."</u>
 - Sec. 3. G.S. 143B-282(a)(2) reads as rewritten:
 - "(2) The Environmental Management Commission shall adopt rules:

1	a.	For air quality standards, emission control standards and
2		classifications for air contaminant sources pursuant to G.S. 143-
3		215.107;
4	b.	For water quality standards and classifications pursuant to G.S.
5		143-214.1 and G.S. 143-215;
6	c.	To implement water and air quality reporting pursuant to G.S.
7		143-215.68;
8	d.	To be applied in capacity use areas pursuant to G.S. 143-
9		215.14;
10	e.	To implement the issuance of permits for water use within
11		capacity use areas pursuant to G.S. 143-215.20;
12	f.	Repealed by Session Laws 1983, c. 222, s. 3, effective April 25,
13		1983;
14	g.	For the protection of the land and the waters over which this
15		State has jurisdiction from pollution by oil, oil products and oil
16		by-products pursuant to Article 21A of Chapter 143.
17	h.	Governing underground tanks used for the storage of hazardous
18		substances or oil pursuant to Article 21 or Article 21A of
19		Chapter 143 of the General Statutes.
20	<u>i.</u>	To implement the provisions of Part 2A of Article 21 of
21		Chapter 143 of the General Statutes."
22	Sec. 4. G.S.	153A-285 is repealed.
23	Sec. 5. G.S.	153A-287 is repealed.
24	Sec. 6. G.S.	162A-7 is repealed.
25	Sec. 7. This	act becomes effective July 1, 1993.
