33 "**§ 148-70. Management and care of inmates; prison industries; disposition of**  
34 **products of inmate labor.**

35 The State Department of Correction in all contracts for labor shall provide for feeding  
36 and clothing the inmates and shall maintain, control and guard the quarters in which the  
37 inmates live during the time of the contracts; and the Department shall provide for the  
38 guarding and working of such inmates under its sole supervision and control. The  
39 Department may make such contracts for the hire of the inmates confined in the State  
40 prison as may in its discretion be proper. In accordance with the provisions of Article 11  
41 of Chapter 66 of the General Statutes, the Department may use the labor of inmates  
42 confined in the State prison in work on farms and manufacturing, either within or without  
43 the State prison. The Department may dispose of the products of the labor of the inmates,

1 either in farming or in manufacturing or in other industry at the State Prison System to  
2 any public institution owned, managed, or controlled by the State, or to any county, city  
3 or town in this State, or to any federal, state, or local public institution in any other state  
4 of the union. Provided however, no manufacturing or other industry shall be established,  
5 supervised or controlled by the Department unless specifically approved by the Governor  
6 pursuant to G.S. 66-58(f).

7 All departments, institutions and agencies of this State which are supported in whole  
8 or in part by the State shall give preference to Department of Correction products in  
9 purchasing articles, products, and commodities which these departments, institutions, and  
10 agencies require and which are manufactured or produced within the State prison system  
11 and offered for sale to them by the Department of Correction, and no article or  
12 commodity available from the Department of Correction shall be purchased by any such  
13 State department, institution, or agency from any other source unless the prison product  
14 does not meet the standard specifications and the reasonable requirements of the  
15 department, institution, or agency as determined by the Secretary of Administration, or  
16 the requisition cannot be complied with because of an insufficient supply of the articles  
17 or commodities required. The provisions of Article 3 of Chapter 143 of the General  
18 Statutes respecting contracting for the purchase of all supplies, materials and equipment  
19 required by the State government or any of its departments, institutions or agencies under  
20 competitive bidding shall not apply to articles or commodities available from the  
21 Department of Correction, but the Department of Correction shall be required to keep the  
22 price of such articles or commodities substantially in accord with that paid by  
23 governmental agencies for similar articles and commodities of equivalent quality as  
24 determined by the Secretary by reference to competitive bidding as required by law. The  
25 Secretary, or an agency acting within its delegation from the Secretary under Article 3 of  
26 Chapter 143 of the General Statutes, may obtain quotes from commercial vendors to  
27 determine whether the price of the Department of Correction is substantially in accord  
28 with that paid for similar printing services.

29 In addition, the Secretary of Correction may lease one or more buildings or portions  
30 of buildings on the grounds of any State correctional institution or location under  
31 Department of Correction control, together with the real estate needed for reasonable  
32 access to such buildings, for a term not to exceed 20 years, to a private corporation for  
33 the purpose of establishing and operating a factory for the manufacture and processing of  
34 products or any other commercial enterprise deemed by the Secretary to provide  
35 employment opportunities for inmates in meaningful jobs for wages. A lease entered into  
36 pursuant to this section may include provisions for the remodeling or construction of  
37 buildings. Each lease shall be approved by the Governor and Council of State and may be  
38 entered into only after consultation with the Joint Legislative Commission on  
39 Governmental Operations. Each lease negotiated and concluded pursuant to this section  
40 shall include and shall be valid only so long as the lessee adheres to the following  
41 provisions:

- 42 (1) All persons employed in the factory or other commercial enterprise  
43 operated in or on the leased property, except the lessee's supervisory

1 employee and necessary training personnel, shall be inmates who are  
2 approved for such employment by the Secretary or his designee.

3 (2) The factory or other commercial enterprise operated in or on the leased  
4 property shall observe at all times such practices and procedures  
5 regarding security as the lease may specify or as the Secretary may  
6 stipulate.

7 (3) The factory or other commercial enterprise operated on the leased  
8 property shall be deemed a private enterprise and subject to all the laws  
9 and lawfully adopted rules of this State governing the operation of  
10 similar business enterprises elsewhere, except that the provisions of  
11 G.S. 66-58 shall not apply to the industries or products of such private  
12 enterprise.

13 The Secretary shall adopt rules for the administration and management of personnel  
14 policies for prisoner workers including wages, working hours, and conditions of  
15 employment.

16 Except as prohibited by applicable provisions of the United States Code, inmates of  
17 correctional institutions of this State may be employed in the manufacture and processing  
18 of products and services for introduction into interstate commerce, so long as they are  
19 paid no less than the prevailing minimum wage."
