A BILL TO BE ENTITLED

AN ACT TO ESTABLISH UNIFORM PROVISIONS FOR LOCAL OCCUPANCY

3 TAXES.

Whereas, the General Assembly finds that the travel and tourism industry is a large and important sector of the State's economy; and

Whereas, the General Assembly finds that travel and tourism is highly competitive, that the State has lost some market share to other states in the region in recent years, and that promotion and advertising are crucial to the future growth of the travel and tourism industry in North Carolina; and

Whereas, many counties and cities, pursuant to local acts of the General Assembly, have imposed special local occupancy taxes in recent years; and

Whereas, most local occupancy taxes now in effect were adopted for the specific purpose of funding the promotion and development of travel and tourism in the taxing jurisdiction; and

Whereas, the General Assembly recognizes that revenues collected from local occupancy taxes can be used to beneficially promote the expansion of the travel and tourism sector of the State's economy and increased employment opportunities for citizens of the State only if:

(1) The taxes do not exceed a maximum of 6%;

1995

(2) The revenues from the taxes are devoted to promotion, advertising, and other related purposes;

(3) The revenues are administered by local tourism development boards comprised primarily of citizens experienced in the promotion and development of the travel and tourism industry in the taxing jurisdiction; and

Whereas, the General Assembly finds there is a need for uniform rules governing the imposition, collection, and expenditure of new and revised local occupancy taxes authorized by the General Assembly in the future to assure that these special taxes are wisely and skillfully employed to expand and promote the travel and tourism sector of the State's economy; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Article 7 of Chapter 153A of the General Statutes is amended by
adding a new section to read:

4 "<u>§ 153A-155. Uniform requirements for occupancy taxes.</u>

5 (a) Requirements. – A county may not levy an occupancy tax unless the General 6 Assembly has authorized the county to levy the tax. An occupancy tax authorized or 7 revised by the General Assembly on or after March 1, 1995, must comply with all of the 8 following requirements:

- 9(1)Rate. The tax rate may not exceed the lower of six percent (6%) or the10rate authorized by a local act of the General Assembly for the county.
- 11 (2)Use. – At least two-thirds of the proceeds of a tax levied at a rate of no more than three percent (3%) must be used to promote travel and 12 tourism; any remaining proceeds not used to promote travel and tourism 13 14 must be used for tourism-related expenditures and the cost of collecting the tax. If a county levies a tax at a rate greater than three percent (3%), 15 the proceeds from the equivalent of a three percent (3%) tax must be 16 used in accordance with the preceding sentence, and the excess proceeds 17 must be used only to construct, maintain, operate, or market a 18 convention or meeting facility. If a local act of the General Assembly 19 restricts the use of the proceeds to one or more purposes included within 20 those set by this subdivision, the restrictions in the local act control the 21 use of the proceeds. 22
- 23(3)Administration. The tax proceeds in a county whose annual occupancy24tax revenue exceeds one hundred thousand dollars (\$100,000) must be25remitted to a local tourism promotion agency, by whatever name called,26that meets the following requirements:
 - a. <u>It has the authority to determine how the tax proceeds will be</u> used, consistent with this act.
 - b. At least three-fourths of its board members must have expertise in the promotion and development of travel and tourism in the area of the taxing jurisdiction, and at least one-fourth must be affiliated with organizations, such as hotels and motels, that collect the tax.
