22 water used on the premises.

23 (b) All equipment used to measure water usage must comply with guidelines
24 promulgated by the American Water Works Association.

25 (c) The landlord shall maintain records for a minimum of 12 months that
26 demonstrate how each tenant's allocated costs were calculated for water and sewer
27 service. Upon advanced written notice to the landlord, a tenant may inspect these
28 records during reasonable business hours and may obtain a copy of the records at a
29 reasonable cost, not to exceed twenty-five cents (25¢) per page.

44 **SECTION 5.** G.S. 42-46(d) reads as rewritten:

1 "(d) ~~A lessor shall not charge a late fee to a lessee because of the lessee's failure to~~

18 accounted for by the landlord as set forth in G.S. 42-52."

19 **SECTION 7.** G.S. 62-110(g) reads as rewritten:

20 "~~(g) For the purpose of encouraging water conservation, the Commission may,~~
21 ~~consistent with the public interest, adopt procedures that allow a lessor, pursuant to a~~
22 ~~written rental agreement, to allocate the costs for providing water and sewer service on~~
23 ~~a metered use basis to persons who occupy the same contiguous premises. A written~~
24 ~~rental agreement shall specify a monthly rent that shall be the sum of the base rent plus~~

41 ~~allocate the costs for providing water service to persons who occupy the same~~
42 ~~contiguous premises, and sewer service pursuant to G.S. 42-42.1, that person shall be~~
43 ~~regulated as a consecutive water system. The monitoring, analysis, and record-keeping~~
44 ~~requirements applicable to consecutive water systems under this section shall be~~

2 water system and submitted to the Department in compliance with this section. The
3 supplying water system shall perform the same level of monitoring, analysis, and record
