"§ 143B-431A. Department of Commerce – contracting of functions.

- <u>Purpose. The purpose of this section is to establish a framework whereby the Department of Commerce may support through financial and other means a nonprofit corporation that will render advisory, research, and recruiting recommendations regarding incentives or grant awards for fostering and retaining jobs and business development, marketing, and consultation in the development of a comprehensive, long-range strategic plan for economic development through public and private means. It is the intent of the General Assembly that the Department develops a plan to work cooperatively with a nonprofit corporation for these purposes while safeguarding programmatic transparency and accountability as well as the fiscal integrity of economic development programs of the State.</u>
- (b) Contract. The Department of Commerce is authorized to contract with a North Carolina nonprofit corporation to perform one or more of the Department's functions, powers, duties, and obligations set forth in G.S. 143B-431, except as provided in this subsection. If the Department contracts with a North Carolina nonprofit corporation to promote and grow the travel and tourism industries, then all funds appropriated to the Department for tourism marketing purposes shall be used for a research-based comprehensive marketing program directed toward consumers in key markets most likely to travel to North Carolina and not for ancillary activities, such as statewide branding and business development marketing. The Department may not contract with a North Carolina nonprofit corporation regarding any of the following:
 - (1) The obligation or commitment of funds under this Article, such as the One North Carolina Fund, the Job Development Investment Grant Program, the Industrial Development Fund, or the Job Maintenance and Capital Development Fund.
 - (2) The Division of Employment Security, including the administration of unemployment insurance.
 - (3) The functions set forth in G.S. 143B-431(a)(2).

- (4) The administration of funds or grants received from the federal government or its agencies.
- (c) Oversight. There is established the Economic Development Accountability & Standards Committee, which is a Board as that term is defined in G.S. 138A-3 of the State Government Ethics Act. The members of the Committee who are appointed by the Speaker of the House of Representatives or by the President Pro Tempore of the Senate may not be members of the General Assembly. The Committee shall meet at least quarterly upon the call of the chair. The duties of the Committee shall include all of the following:

- (5) Coordination of economic development grant programs of the State between the Department of Commerce, the Department of Transportation, and the Department of Environment and Natural Resources.
- (6) Any other duties deemed necessary by the Committee.
- (d) <u>Limitations. Prior to contracting with a North Carolina nonprofit corporation</u> pursuant to this section and in order for the North Carolina nonprofit corporation to receive <u>State funds</u>, the following conditions shall be met:

SECTION 1.1.(b) G.S. 143B-431A(i), as enacted by this act, does not apply to employees of the Department of Commerce, other than employees involved in the recommendation and administration of State economic development incentive programs, prior to the time the Department contracts with a North Carolina nonprofit corporation pursuant to this act.

SECTION 1.2.(a) G.S. 143B-434 is repealed. **SECTION 1.2.(b)** G.S. 143B-434.01 reads as rewritten:

"§ 143B-434.01. Comprehensive Strategic Economic Development Plan.

- (a) Definitions. The following definitions apply in this section:
 - (1) Board. The Economic Development Board.

...

1 2

- (6) Secretary. The Secretary of Commerce or the governing board of a North Carolina nonprofit corporation with which the Department contracts pursuant to G.S. 143B-431A for the performance of the Secretary's responsibilities under this section.
- (b) Board to Prepare Plan. The Board Secretary shall prepare review and update the existing Plan by April 1, 1994.on or before April 1 of each year. The Board shall review and update this Plan by April 1 of each year. The original Plan shall cover a period of four years and each annual update shall extend the time frame by one year so that a four-year plan is always in effect. The Board Secretary shall provide copies of the Plan and each annual update to the Governor and the Joint Legislative Commission on Governmental Operations. The Plan shall encompass all of the components set out in this section.
- (c) Purpose. The purpose of this section is to require the <u>Board Secretary</u> to apply strategic planning principles to its economic development efforts. This requirement is expected to result in:
 - (1) The selection of a set of priority development objectives that recognizes the increasingly competitive economic environment and addresses the changing needs of the State in a more comprehensive manner.
 - (2) The effective utilization of available and limited resources.
 - (3) A commitment to achieve priority objectives and to sustain the process.
 - (d) Public and Private Input. At each stage as it develops and updates the Plan, the Board-Secretary shall solicit input from all parties involved in economic development in North Carolina, including:
 - a. Each of the programs and organizations that, for State budget purposes, identifies economic development as one of its global goals.
 - b. Local economic development departments and regional economic development organizations.
 - c. The Board of Governors of The University of North Carolina.

DRH40109-MCz-231* (03/25)

- 1 2 3

(f)

- (2) The <u>Board-Secretary</u> shall also hold hearings in each of the Regions to solicit public input on economic development before the initial Plan is completed. The purposes of the public hearings are to:
 - a. Assess the strengths and weaknesses of recent regional economic performance.
 - b. Examine the status and competitive position of the regional resource base.
 - c. Identify and seek input on issues that are key to improving the economic well-being of the Region.

The Board Secretary shall hold additional hearings from time to time to solicit public input regarding economic development activities.

- (3) Each component of the Plan shall be based on this broad input and, to the extent possible, upon a consensus among all affected parties. The Board Secretary shall coordinate its planning process with any State capital development planning efforts affecting State infrastructure such as roads and water and sewer facilities.
- (e) Environmental Scan. The first step in developing the Plan shall be to develop an environmental scan based on the input from economic development parties and the public and on information about the economic environment in North Carolina. To prepare the scan, the Board-Secretary shall gather the following-information required in this subsection and ensure that the information is updated periodically. The updated information may be provided in whatever format and through whatever means is most efficient. The information required to prepare the scan includes all of the following:
 - Repealed by Session Laws 2012-142, s. 13.4(a), effective July 1, 2012.
- (g) Vision and Mission Statements. The Board Secretary shall develop a vision statement for economic development that would describe the preferred future for North Carolina and what North Carolina would be like if all economic development efforts were successful. The Board Secretary shall then develop a mission statement that outlines the basic purpose of each of North Carolina's economic development programs. Because special purpose nonprofit organizations are uniquely situated to conduct the entrepreneurial and high-risk activity of investing in and supporting new business creation in the State, they should be assigned a dominant role in this key component of economic development activity.
- (h) Goals and Objectives. The Board-Secretary, using data from the public input and the environmental scan, shall formulate a list of goals and objectives. Goals shall be long-range, four years or more, and shall address both needs of economically distressed Regions and counties as well as opportunities for Regions and counties not distressed. The goals shall be developed with realism but should also be selected so as to encourage every Region and county within the State to develop to its maximum potential. Objectives shall be one year or less in scope and shall, if achieved, lead to the realization of the goals formulated by the Board-Secretary as provided in this section.

Both goals and objectives should be stated largely in economic terms, that is, they should be related to specific population, employment, demographic targets, or economic sector targets. Both efficiency and equity considerations are to be addressed and balanced with special emphasis placed on the needs of disadvantaged or economically distressed populations and communities. The goals and objectives should not state how the economic targets are to be reached, but rather what the economic conditions will be if they are obtained. So that the progress of North Carolina's economic development efforts can be monitored, the Board Secretary shall set objectives for each goal that allow measurement of progress toward the goal. Objectives should be quantifiable and time-specific in order to serve as performance indicators.

. . . .

- (j) Implementation Plan. Based upon all of the foregoing steps, the Board Secretary shall establish an implementation plan assigning to the appropriate parties specific responsibilities for meeting measurable objectives. The implementation plan shall contain all necessary elements so that it may be used as a means to monitor performance, guide appropriations, and evaluate the outcomes of the parties involved in economic development in the State.
- (k) Annual Evaluation. The <u>Board Secretary</u> shall annually evaluate the State's economic performance based upon the statistics listed in this subsection and upon the <u>Board's Secretary's</u> stated goals and objectives in its Plan. The statistics upon which the evaluation is made should be available to policymakers. The information may be provided in whatever format and through whatever means is most efficient.

(l) Accountability. – The <u>Board Secretary</u> shall make all data, plans, and reports available to the General Assembly, the Joint Legislative Commission on Governmental Operations, the Joint Legislative Economic Development and Global Engagement Oversight Committee, the Senate Appropriations Committee on Natural and Economic Resources, and the House of Representatives Appropriations Subcommittee on Natural and Economic Resources at appropriate times and upon request. The <u>Board Secretary</u> shall prepare and make available on an annual basis public reports on each of the major sections of the Plan and the Annual Report indicating the degree of success in attaining each development objective."

SECTION 1.2.(c) G.S. 143B-437.03 is repealed.

SECTION 1.3. The Department of Commerce shall study and develop a plan for contracting with a North Carolina nonprofit corporation pursuant to G.S. 143B-431A, as enacted by this act, for the performance of economic development activities and duties of the Department. The study shall include each of the following:

- (1) The Department shall develop a plan for private fundraising efforts for the nonprofit corporation for the performance of economic development functions. The study shall include the creation of a budget for the nonprofit corporation that provides for the performance of core functions of the corporation, including economic development functions, in the absence of private funds. The study shall compare the budget of the Department and budget developed for the nonprofit corporation according to Department division and budget category, including personal services; purchased services; supplies; property, plant, and equipment; other expenses and adjustments; aid and public assistance; and other budget categories used by the Department. The study shall include a measurement and estimation of expected private fundraising potential, and the Department shall examine the efforts of other states that have permitted public-private partnerships for economic development activities and report on the source or sources of funds for those partnerships, separately accounting for funds provided by the state and private funds.
- (2) The Department shall report on each performance metric listed in this subdivision. The report shall analyze the Department's performance for each metric for (i) the last full year prior to contracting for performance of the metric, (ii) the annual average for the five-year period preceding contracting for performance of the metric, and (iii) the annual average for the 10-year period preceding contracting for performance of the metric. The performance metrics to be reported upon are as follows:
 - a. For business and industry:
 - 1. Number of projects announced by the Department.
