The General Assembly of North Carolina enacts:

**SECTION 1.** G.S. 136-82 reads as rewritten:

**"§ 136-82. Department of Transportation to establish and maintain ferries.**

(a) Powers of Department. – The Department of Transportation is vested with authority to provide for the establishment and maintenance of ferries connecting the parts of the State highway system, whenever in its discretion the public good may require, and shall prescribe and collect tolls on the ferry routes as established by the Board of Transportation following the procedures set forth in this section.

(b) Establishment of Tolling. – The Board of Transportation may establish tolls on any untolled ferry route as set forth in this subsection. Prior to establishing tolls on an untolled ferry route, the Board of Transportation must receive a resolution approved by the Transportation Advisory Committee of each affected local transportation planning organization requesting tolls on that route. No later than March 1, 2014, the Department shall hold a separate public hearing in the geographic area of each untolled ferry route and invite each affected local transportation planning organization. At the public hearing, the Department shall present an explanation of the toll setting methodology, the impact of tolling on the availability of funding for other local transportation priorities, and the minimum and maximum toll rates. After the public hearing, an affected local transportation planning organization may consider and adopt a ferry tolling resolution. The Board of Transportation shall adopt the toll at its next regularly scheduled meeting after receipt of the ferry tolling resolutions required by this subsection. The Department shall collect the toll as soon as is feasible following its adoption, but in no case more than 180 days after adoption of the toll. The establishment of tolls by the Board of Transportation pursuant to the authority granted in this section shall be exempt from the provisions of Chapter 150B of the General Statutes. For purposes of this section, "affected local transportation planning organization" means any Metropolitan Planning Organization or Rural Transportation Planning Organization with geographic jurisdiction over any part of an untolled ferry route, and "untolled ferry route" means any ferry route for which no tolls were in effect as of June 30, 2013.

1 (e) ~~Revisions of Tolls.~~— The Department of Transportation shall report to the Fiscal

6 ~~from tolls collected on North Carolina Ferry System routes and certain receipts generated under~~  
7 ~~subsection (f) of this section to reserve accounts within the Highway Fund for each of the~~  
8 ~~Highway Divisions in which system terminals are located and fares are earned. For the purposes of~~  
9 ~~this subsection, fares are earned based on the terminals from which a passenger trip originates and~~

11 ~~based on the distribution of trips originating and terminating in each Highway Division. The~~  
12 ~~proceeds credited to each reserve account shall be used exclusively for prioritized North Carolina~~
